LEARNING OUTCOMES

The learner will:

1. Understand contemporary medical ethics
   1.1. Explain three ethical issues in contemporary medicine and evaluate the competing arguments surrounding them
   1.2. Establish and justify their own judgement for each of the chosen issues

2. Understand barriers that prevent equal access to health care in Britain
   2.1. Explain three barriers that prevent equal access to health care and analyse their effects on the health of one specific group
   2.2. Assess how these barriers may affect the work of a health care professional
Assessment

1. Meets assessment criteria  

2. Further grading
   • Meets assessment criteria but not merit descriptors  
   • Meets assessment criteria and merit but not distinction descriptors  
   • Meets assessment criteria and distinction descriptors
