About these Qualifications

The AIM Awards Level 2 Award in Raising Awareness of Domestic Abuse has been developed with specialists in the field of domestic abuse support and education, and is targeted at learners who wish to gain a better insight into the subject and how it may affect mental wellbeing.

Many organisations require continual professional development in specific areas of safeguarding. Therefore, it is important that awareness is raised of domestic abuse and how this might manifest itself within society. In undertaking the qualification, learners will gain a better insight into domestic abuse and the connection between domestic abuse and mental wellbeing. The qualification will also help learners to explore how to best sign-post support for the victims of such practice. Learners will also gain insight into how UK laws protect the rights of UK citizens against the perpetrators of such practice.

The qualification covers key areas pertinent to domestic abuse and mental wellbeing. These include the physical and emotional aspects of domestic abuse. The qualification has been designed to help learners to tackle and address the issues that arise from such practices and signpost victims to support organisations.

Please note this qualification will be withdrawn from any new learner registrations on 31/07/2020. Please contact AIM Awards for further information on 01332 341822.

Total Qualification Time and Guided Learning Hours

Total Qualification Time (TQT) is the number of notional hours it takes a typical learner to achieve the full qualification and is made up of two elements:

- the minimum number of Qualification Guided Learning Hours (GLH) - the number of Tutor-led contact hours
- the number of hours spent on preparation, studying and the assessment that is non-guided

For example, the number of tutor-led contact hours (GLH) for a qualification is 30 and the number of hours spent by the learner (non-GLH) on preparation, studying and the assessment is 6 hours. Therefore the Total Qualification Time (TQT) for the qualification is 36 hours.

All procedures for the use of this qualification, including approval, registration of learners, verification and certification will be completed through AIM Awards and all centres will have an allocated Customer Support Officer to support them.

Approval to Offer the Qualification

Centres wishing to offer this qualification must complete and submit a Qualification Approval Request. Some qualifications require that centres have specific resources in place and/or that their Assessors/Internal Verifiers hold certain qualifications. Where this is the case, centres must provide evidence of resources/staff qualifications when completing the Qualification Approval Request.

Registration and Certification

Once your centre has approval to offer a qualification, you will be able to register learners via the AIM Awards Online Portal. Learners must be registered onto the correct programme via the Portal (a programme is the centre's chosen set of components from their approved qualification). Centres should also check that the correct components are listed.

A Recommendation for the Award of Credit (RAC/ERAC) form will be produced for each programme once learners are registered. Centres will be able to download their RAC/ERAC forms within four weeks of receipt of correctly submitted registrations. The RAC/ERAC is used to claim the learners' achievements at the end of the course and details must be checked carefully as these will appear on any certificates issued.

Details of assessment, internal verification and external verification can be found in Appendix 1 - A Guide to Assessing AIM Awards Qualifications.

Once the RAC/ERAC has been correctly completed and received by AIM Awards, certificates and a summary of credit achievement will be produced and issued. Learners that have achieved a qualification will be issued with a qualification certificate with details of the qualification and components achieved. Learners that have not achieved a qualification will be issued with a component certificate with details of the components achieved.
